## IN THIS, OUR SECOND CATALOGUE,

We Quote the Lowest Market Prices on each and every article.

---

*Should Competition make it necessary to lower our prices,*

## YOU WILL GET THE BENEFIT.

*Or, if any change in cost of manufacture makes it necessary to advance prices, we claim the right to do so. But remember, you will always be served at the lowest market quotations.*

---

### TERMS.

Two per cent. if paid within 10 days.

WE OFFER FOR YOUR INSPECTION

# OUR ILLUSTRATED CATALOGUE

— OF —

Window Shades, Laces, Fringes, Brass Goods,  
House Furnishing Hardware, etc.,

— AND —

OUR FAC-SIMILE CUTS OF DECORATED SHADES.

*We want to impress upon you the fact that we are extensive manufacturers of Window Shades and Shadings, and heavy dealers in Brass Goods, Cornice Poles and Carpet Hardware, and by making your selection from this List you may feel sure you are buying the Right Goods, buying them at Right Prices, and in Ordering by Number you will save very much time and expense. Keep this List lying on your Counter, and refer to it for whatever you want in this line of goods—allow your Customers to consult it freely. By the arrangement, as shown by the Perforated Slip in front of book, you may make this Catalogue do duty as a very superior Salesman for you.*

## CHANGES IN PRICES

We desire to distinctly impress upon those who receive this Catalogue, that “*ALL PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.*”

We shall, whenever possible, reduce our prices, and *invariably* our customers will receive the benefit of such reductions. At the same time we are compelled to reserve the right to advance any price as occasioned by the increased cost of manufacture.

## IMPORTANT SUGGESTIONS

State particularly how to ship goods, whether by freight, express or mail. Goods sent by mail are always at risk of purchaser. Our responsibility on freight and express shipments ceases when we deliver goods to the transportation company.

*Goods sent as ordered cannot be taken back.*

In checking bill of goods, open every paper box, as it is often convenient to pack several articles of a different description under a cover designed for one.

*Please destroy your Catalogue No. 1, for 1892, and order from this.*

Order by number and descriptions as given, and do not mutilate Catalogue.

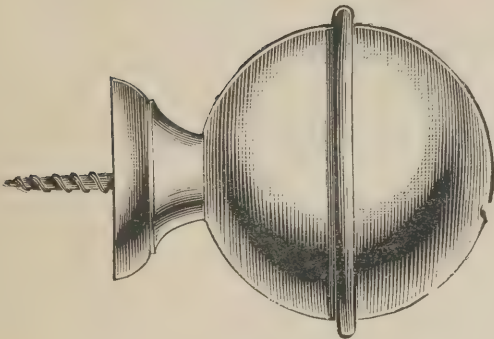

Respectfully,

**THE MACFARLANE SHADE CO. (Ltd.)**

**SPECIAL COLORS Made to Order.**

This Line of Tassels are Silk Trimmed.

Packed 3 Dozen in a Box.

Owners of the CANADIAN PATENT for the  
Improved Wyant Patent Shade Fastener.

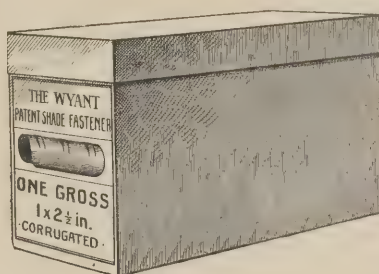

Cheap, Practical, Durable and Ornamental.

Completely does away with the annoyance caused by the use of Tacks, and perfectly answers the purpose of securely and cheaply attaching curtains and shades to rollers.

Only three fasteners are required to an ordinary curtain or shade.

Made in Two Sizes :  
1 inch by  $2\frac{1}{2}$  inches.  
 $1\frac{1}{4}$  "  $3\frac{1}{4}$  "

PACKED  
1 Gross in a Box.

1 inch by $2\frac{1}{2}$ inches.....	Price, per gross, \$2.00
$1\frac{1}{4}$ " $3\frac{1}{4}$ " .....	" " " 3.00

"Wife, I have put that shade on three times, and now the thing ain't straight ! Send one of the boys over to the shade store and get a set of **WYANT'S PATENT FASTENERS**. I'll try them anyway. They don't cost much. This tack business is a nuisance."

"Well, now, just look ! I've fixed that shade in a minute with these new fasteners, and any time you want to wash or clean your curtains or shades, you can take them off and replace them yourself, without any trouble at all."

## Decorated Shade Department.

---

*THIS branch of the business has received special attention, and the following cuts are all the very newest and best designs. The clean-cut lines of our Block Printing, and the Velvet Smooth Finish of our Flocked Patterns, cannot be equalled. We employ only skilled labor, and the results guarantee to us perfect work. We cannot show all our Patterns in this Catalogue; those selected are our fastest sellers and most artistic for this season.*

---

## Mounted Shade Department.

*In our Mounted Shade Department we use the celebrated "Toronto Roller" (see page 57), which is guaranteed to lift all Shades up to 7 feet in length and three feet in width.*

*Shades mounted on Rollers are put up singly, papered from end to end, with slat in pocket ready to hang. Dealers will find this method most convenient, as it saves time in the handling and delivery of Shades.*

*Decorated Shades, when not mounted on Rollers, are put up one pair in a package, and in ordering always state if wanted Hemmed or not.*

*All Shades are Stitched by Power with the Union Special Shade Machines.*

*We strongly advise the use of the Wyant Shade Fastener in Mounting on Rollers (see page 25), as tacks are continually coming out, causing damage to the cloth and annoyance to the consumer.*

*All Shades bearing the stamp of the Company are Guaranteed.*

**THE MACFARLANE SHADE CO. (Ltd.)**

## New Fringes and Laces

—FOR—

# WINDOW SHADES.

*For some months the demand for Fringe and Lace-Trimmed Shades has been largely on the increase, so much so that we deemed it necessary to send a Special Buyer to Europe to interview the manufacturers of these goods in Saxony, Belgium and France. The result has been most gratifying; our Patterns and Styles will be the best that the Foreign Markets can produce. We endeavor to keep fully assorted in all Patterns and Colors, as contained in this Catalogue, occasionally we may be out of some Tints ordered, but can always supply from our large stock something that will suit the purpose at about the same price.*

THE MACFARLANE SHADE CO. (Ltd.)

## **Our Immense Shade Cloth Factory,**

**50 feet Wide, 210 feet Long.**

Is fitted up with the very latest improved appliances for the manufacture of Window Shade Cloth,—and with the additions now building—our capacity for manufacturing will exceed 10 miles of cloth per week—by far the largest production in the Dominion. We manufacture in long cuts of 50 yards each, from 36 inches to 120 inches in width.

We invite a close inspection of the tints, colorings and flexible finish, which we claim to be the most

## **Perfect Line of Window Shade Opaques**

manufactured. The Cloth is made from a very fine Count of Muslin specially prepared for our process known only to ourselves. We guarantee all cloth finished at our works not to

### **CURL, CRACK OR FADE.**

And to be soft and pliable, qualities so highly prized by the experienced Window Shade dealer.

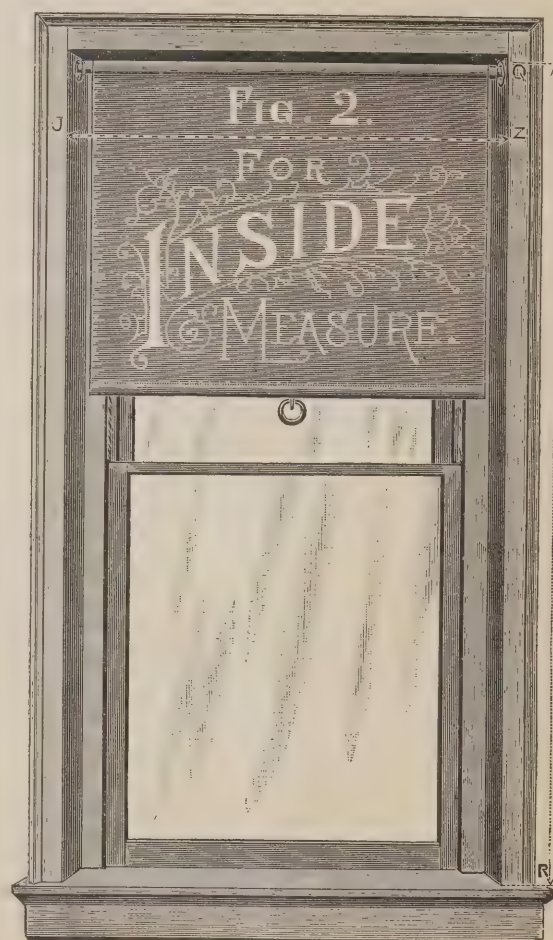

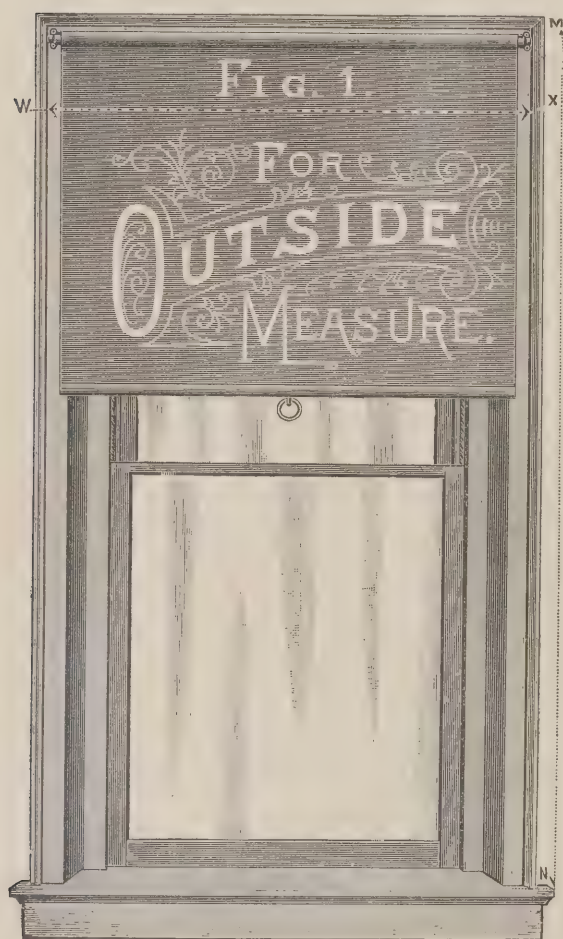

# THE MACFARLANE SHADE COMPANY OF TORONTO (LIMITED).

**For the Benefit** of our customers we submit herewith illustrations showing the different methods of hanging Shades, and giving instructions for the proper measurements of windows. All measurements for the width should be made from point to point on each side of casing where brackets are to be placed. All measurements for the length of Shade should be net measurement from the top to bottom of window.

We will make the necessary allowances in width for the satisfactory working of Shade, and in length for the hem and turn upon roller when shade is drawn down full length.

When Shades are to be hung, as illustrated in Fig. 1, on the outside or surface of casing facing the room, give exact distance from points as designated from W. to X., being extreme distance from point to point where brackets are to be placed, and for length of Shade the distance from M. to N., and state in ordering, "Outside Bracket Measure."

The Shades, when finished, will be from 1 to 1½ inches narrower than your measurement, and contain 6 inches more of cloth.

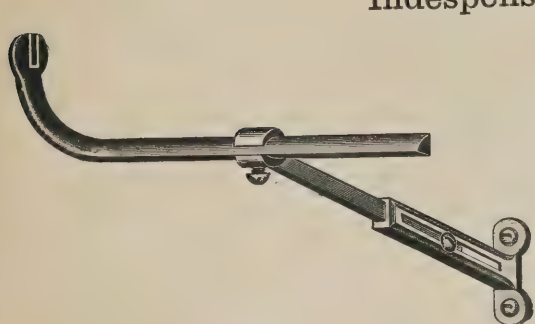

When Shades are to be hung, as illustrated in Fig. 2, on the inside or surface of the casing which face each other, give the distance from J. to Z., the exact distance from jamb to jamb of window at points where brackets will be fastened, and for length the distance from Q. to R., and state "Inside Bracket Measure."

Measurements for Shades hung in this manner, should be very accurate, even to a sixteenth of an inch. Measure each window separately. State whether Shades are to roll from Top or Bottom of windows. In the former the roller is fastened at the top, and in the latter case at the bottom of window. In hanging Shades observe carefully the printed instructions on each roller regarding the proper adjustment of spring.

 **Use The Wyant Clasp For All Mounted Shades.**—(See page 25).

# Nash's Adjustable Shade Bracket.

Indispensable to Health and Comfort.

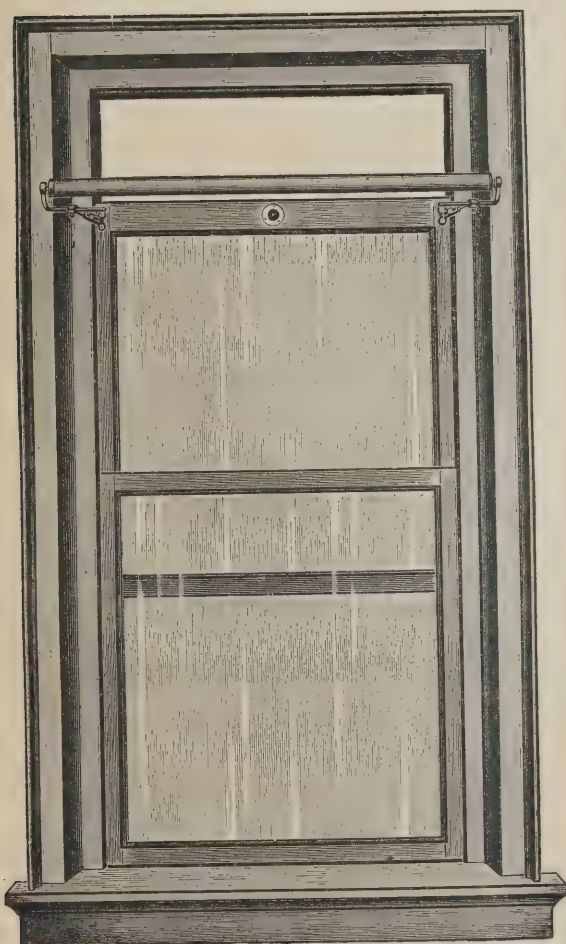

SHOWING LEFT HAND BRACKET.

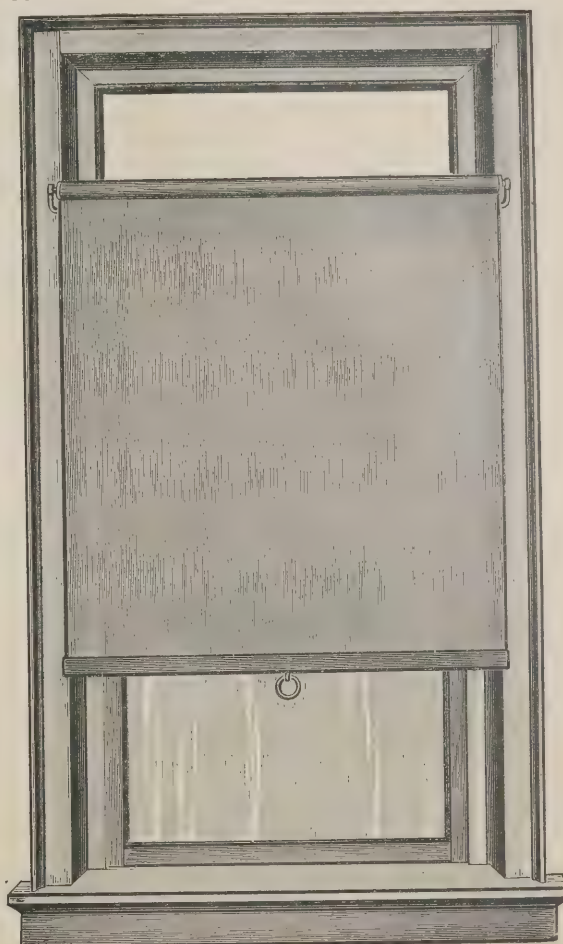

SHOWING RIGHT HAND BRACKET.

"TORONTO" AND "HARTSHORN'S" ROLLERS CAN BE USED IN THESE BRACKETS.

SHOWING WINDOW WITH BRACKET ON UPPER SASH, WITH SHADE ROLLER.

SHOWING SHADE HUNG BY NASH ADJUSTABLE BRACKETS.

The Adjustable Shade Bracket is a new invention. It is so formed as to fit any depth window jamb and extend out over the casing. By using this bracket the Shade is attached to the upper window sash instead of the casing, but allowing it to occupy the same extended position on the casing as with the old style fixtures.

The result is that in lowering the upper sash to admit fresh air or to allow the foul air to escape, the Shade is also lowered, allowing the air to pass freely in and out above it, which gives perfect ventilation without the constant whipping and rattling of the Shade by the wind.

Perfect ventilation from the top can be secured, while the Shade can cover the lower part of the window.

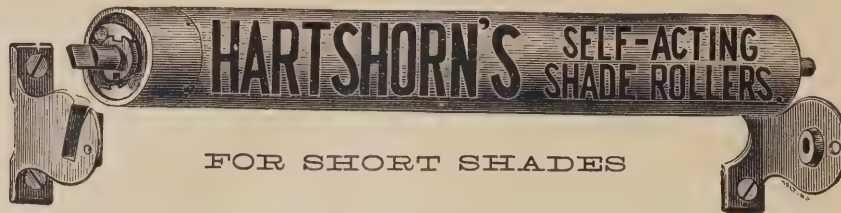

No. 25. Adjustable to any ordinary window (no roller).....per dozen pairs \$7.00..... per gross pairs \$60.00.

We are general agents for Canada ; will make special prices and arrangements with jobbers for quantities.

 Use the Wyant Clasp on all Mounted Shades.—(See page 25.)

## The "Erminie" Roller.

Packed in one gross and half-gross boxes.

		GROSS.	$\frac{1}{2}$ GROSS.
42 inch, iron ends	- - - - -	\$24.00	\$12.00
42 " pin ends	- - - - -	25.00	12.50
42 " brass caps	- - - - -	25.50	12.75

## Hartshorn's Self-Acting Tin Barrel Shade Roller.

Every genuine Roller has the name of manufacturer, Stewart Hartshorn, in script on label.

### 1 inch Tin Roller

Over 2 feet 2 inches, to and including 4 feet, each	- - - - -	\$0.66
-----------------------------------------------------	-----------	--------

### $1\frac{1}{4}$ inch Tin Roller

Over 2 feet 2 inches, to and including 4 feet, each	- - - - -	\$0.80
Over 4 feet, to and including 5 feet, each	- - - - -	1.00

### $1\frac{1}{2}$ inch Tin Roller

4 feet and under, each	- - - - -	\$1.00
Over 4 feet, to and including 5 feet, each	- - - - -	1.32
" 5 " " " " 6 " "	- - - - -	1.65

### $1\frac{3}{4}$ inch Tin Roller

4 feet and under, each	- - - - -	\$1.65
Over 4 feet, to and including 5 feet, each	- - - - -	1.85
" 5 " " " " 6 " "	- - - - -	2.00
" 6 " " " " 7 " "	- - - - -	2.15
" 7 " " " " 8 " "	- - - - -	2.30
" 8 " " " " 9 " "	- - - - -	2.50

Longer Rollers should be made of greater diameter, to avoid sagging or bending. For Shades of extra length or weight use the largest diameter possible.

### $2\frac{1}{4}$ inch Tin Roller

6 feet and over, per foot	- - - - -	\$0.66
---------------------------	-----------	--------

This size should not be used for Shades over 12 feet wide.

### 3 inch Tin Roller

7 feet and over, per foot	- - - - -	\$1.15
Rollers over 15 feet long are made 4 inches in diameter, per foot	- - - - -	2.50

Special prices will be quoted for sizes not mentioned on this list; also, for Rollers required to be used on Shades of unusual width or weight.

ALL ROLLERS ARE GUARANTEED TO DO PERFECT WORK.

Wood Spring Rollers.

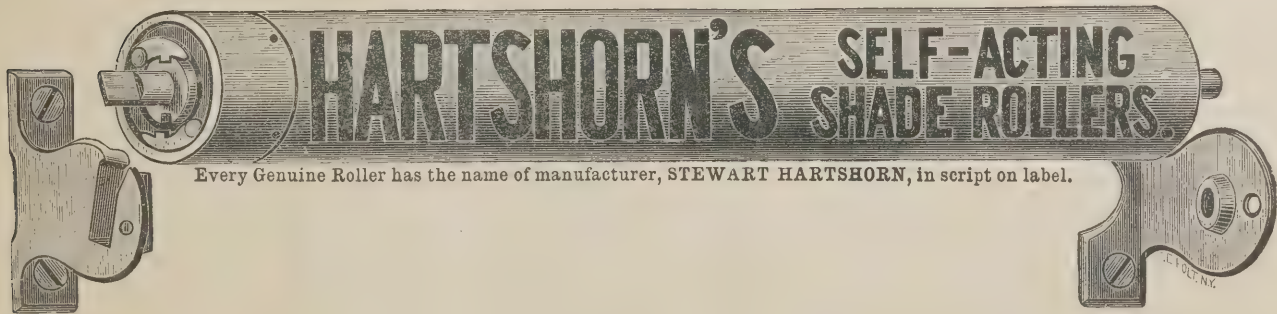

This roller has been in the market but a short time and is fast gaining renown for its strength and durability.

The One-Inch Roller will Lift all Shades up to 42 inches in width, and 8 feet in length.

## Shade Manufacturing Department.

Our desire is to be Prompt and Careful. We use the Best materials and employ only Skilled workmen, and guarantee the Shades we turn out second to none. Estimates furnished.

### OPAQUE STORE SHADES.

We make a specialty of large Shades for show windows. In ordering always state whether the measurements given are cloth or bracket measure, and if bracket, whether inside or outside. See illustration and explanation on page 54. State color of cloth desired; if any lettering is wanted, inclose a printed card bearing the name of the party whose name is to be used, that no error may occur through mis-spelling. For convenience of our customers we have prepared a schedule of prices of hand-made opaque store Shades, mounted on "Hartshorn" Spring Stop Fixtures, which we append. We can in a few days' time make these Shades in colors, as per list of "Dominion" Hand-Made Opaques, for store Shades, Nos. 150, 175, 178, 210, 242, 270. Sample books of colors sent on application. Other colors of cloth will have to be made to order at an extra expense, and the time necessary to make will be from ten days to two weeks. In ascertaining prices from the schedule it will be necessary to use the prices for dimensions next larger than the Shades you desire, unless the Shades wanted are exactly the same as the schedule dimensions. For instance, a Shade 66 inches wide and 9 feet long would cost the price given for a Shade 72 inches wide and 9 feet long, as it has to be cut from 72 inch cloth.

### SCHEDULE OF PRICES OF HAND-MADE OPAQUE STORE SHADES,

MOUNTED ON HARTSHORN SPRING STOP FIXTURES—READY TO HANG.

Sizes in Schedule are for Shades when finished. Prices are for Single Shades.

In Colors: 150—175—178—210—242—270.

-------------------------------	-------------------------------

*This Board, which can be used for cutting any upholstery goods, is particularly desirable for squaring and trimming shades. It is grooved and cross-grooved, and ten shades can be cut at a time as well as one. The knife blade follows the grooves, and cuts a smooth and perfect edge, and the board is permanent and does not wear out. Each foot and inch is marked in figures, and no separate rule or measure is needed.*

MANUFACTURERS OF  
THE WYANT CLASP.

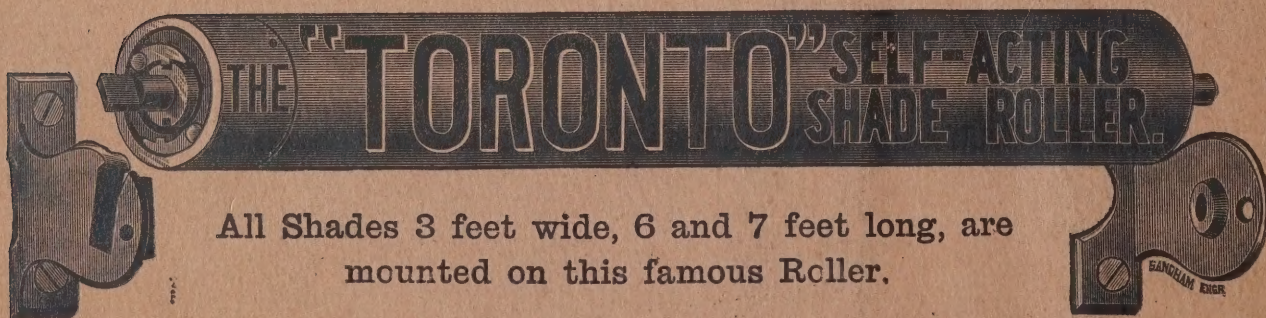

OWNERS OF THE CANADIAN PATENTS.

Request customers to have all Shades mounted with THE WYANT CLASPS instead of Tacks, which frequently injure the Roller and Cloth.

---

The "Toronto" Self-Acting Roller.

All Shades 3 feet wide, 6 and 7 feet long, are mounted on this famous Roller.

ADDRESS ALL CORRESPONDENCE TO

8, 10 and 12 Liberty Street,

Toronto, Canada.
